

**Sinneave**  
FAMILY FOUNDATION

[Subscribe to Newsletter](#)

[The Sinneave Family Foundation](#) is an operating foundation focused on improving education, employment and housing outcomes for autistic youth and adults. We operate a collaborative space in Calgary called The Ability Hub, where we develop programs and offer services and supports that help people achieve their goals. We value our strong relationships within the autism community, industry, education, housing, and government as we combine our respective strengths to reduce barriers and create opportunities for autistic adults to thrive.

## Our Mission

[Our mission](#) is achieved by targeting our energy and resources to share promising practices, build system capacity and foster policy development in the areas of:

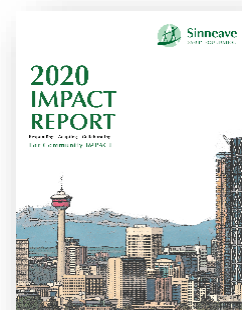

[Education](#)

[Employment](#)

[Housing](#)
